

DEAR DOCTOR,
As your patient, I'm very worried about
THE NEW 'GP CONTRACT'
creating Primary Care Networks

Patient care will be taken out of your hands
YOU RISK LOSING THE TRUST OF YOUR PATIENTS

This will NOT help your staffing and funding problems;
Additional money will be to make up for cuts to hospital care

PLEASE DON'T SIGN YOUR PATIENTS AND BUDGETS
OVER TO THE US MODEL OF 'INTEGRATED CARE'

- Your autonomy will end
- Your patients will lose their right to see their GP
- Continuity of care ends
- Shared Savings Scheme incentivises denial of hospital care
- You will no longer be your patients' advocate

- Your patients will be forced to see less skilled staff
- Patient care will suffer, increasing risk of preventable harm
- Patient Medical Records will be shared widely, compromising confidentiality

THERE'S NOT MUCH TIME LEFT TO SAVE THE NHS

YOUR PATIENTS ARE COUNTING ON YOU
DON'T SIGN IT
